Desktop Water Purifier

MULTIFUNCTIONAL

NEW CONVENIENT TO DRINK WATER

Integrated Filtering and Heating without Installation

- 3 Seconds Boiling Water
- Multi-stage Temperature Control
- Fresh Water

- Installation Trouble

- Water Quality Is Not Fresh

- Wait for Boiling
- Wait for the Water to Cool

RO REVERSE OSMOSIS WATER PURIFIER

○ Choose Appropriate Temperature to Brew the Beverage

PAC COMPOSITE FILTER

Filters out large particulate pollutants such as sand, rust, colloids, adsorption of odors, residual chlorine, etc.

RO REVERSE OSMOSIS MEMBRANE

Filters out small impurities such as bacteria, microorganisms, and limescale

REAR COMPOSITE CARBON ROD FILTER

Further absorbs abnormal colors and odors to enhance water taste

DIRECT DRINKING

Good Taste, 3L Water Tank

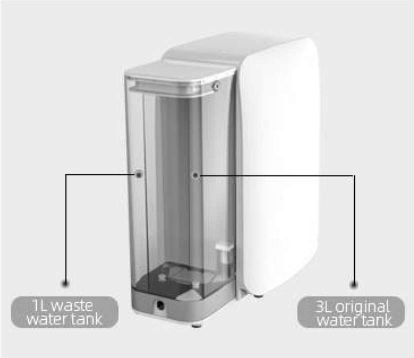
- NOT AFRAID OF LEAKING WATER
- INTEGRATED WATERWAY BOARD

Original water tank, filter element and water purification tank adopt integrated waterway link One-piece, sturdy and more sealed

NET WASTE WATER SEPARATION TANK

3L original water tank
1L waste water tank

The waste water tank is stored separately, and the returned waste water will not be repeatedly filtered



1L waste water tank
3L original water tank

Intelligent Washing

Child lock

Give your baby a sense of security
Water temperature

DISLIKE AND FEEL TROUBLE CHANGING FILTER CORES

Disposable filter element, changing the filter element
is as easy as changing the battery,
no tools or professionals are needed, easy to change the element

Dismantle

- Disassembly of old filter element: Hold the head of the old filter element and unscrew it counterclockwise.

Change

·New filter replacement:
Hold the head of the new filter element and turn it clockwise.

Product Name: RO Water Purifier	Model: W12
Rated Water Purification: 2000L	Net Weigh: 7.3KG
Original Water Tank Capacity: 3L	Rated Power: 2100W
Quota voltage: 220V	Waste Water Tank Capacity: 1L
Quota Frequency: 50Hz	Working pressure: 0.4~0.6MPa
Applicable water temperature: 4-38℃	Hot water capacity: 18L/H(≥90℃)
Housing Material: ABS	Quota Initial Water Purification: 130ml/min
Applicable Power Supply: Municipal Tap Water	
Product Size: 450*200*387mm
